McPhedran, Alexander [and Mrs. McPhedran] Oct 1914 - June 1915

October 15th, 1914

Mrs. McPhedran,

13 Dupont Street,

Toronto.

Dear Mrs. McPhedran:

I regret very much to know from your letter that Dr. McPhedran has been so ill, and I can quite understand that the special circumstances have made it difficult for you at present to meet the demands upon you. I have spoken to the Bursar and he will be quite willing to honor a draft for coal on prospective salary.

I hope that Dr. McPhedran is keeping very much better and will soon be quite himself again.

Yours sincerely,

President.

FACULTY OF MEDICINE

Toronto, Canada, June 10th, 1915.

President Falconer,

University of Toronto.

Dear Mr. President:-

Dr. John Oille, Dr. G. S. Young and Dr. F. W. Rolph, are willing to take charge of the work in Medicine in the Summer Term for the candidates who have to take the two months' course for the Supplemental Examinations.

I am informed this morning that Dr. Page's name is not on the list of assistants at the Western Hospital. He has been doing the work all term and I thought he had been regularly appointed. The Bursar tells me that there is no appropriation to pay him his stipend.

Yours sincerely,

A. McPhedran
